*When attuned to the unstruck music sounding in one's heart as an expression of Love,
And when responding in Harmony with that celestial melody
One is offering thereby, a true example of nature's Beauty.*

In Celebration of Heijrat Day, September 13, 1910 *A Message of Hope and Faith*

Pir-o-Murshid Inayat Khan's tells us in his Autobiography that his Murshid, Sayyad Abu Hashim Madani, used to bless him when they parted by saying: "*May God strengthen your faith.*"

In Murshid's words: "*I have always hope. Hope is my greatest strength. I do not require that my hopes are filled, as fuel is needed to keep the fire burning. My hopes are kept alive in my faith.*"

Armed with that faith, Hazrat Inayat Khan sailed forth to the west on September 13th, 1910, where he spent the following sixteen years traveling almost constantly, teaching and inspiring the universal Message of spiritual liberty, of love, harmony and beauty. It is that call to awaken to our divine heritage that unites our hearts as Sufi brothers and sisters. On this 106th anniversary of Heijrat Day, when our journey together began, may our spirits be filled with the living stream of Murshid's faith and hope.

With loving greetings to all,
